Water Bath Grant JBN26

Overview

This unstirred water bath is fitted with an integral heater and can operate up to 99°C if fitted with a lid and also insulation balls

Details

PERFORMANCE › Set and Forget™ technology - fast heat-up, reliable temperature control

INTUITIVE › Simple to use controls, clear bright display

QUALITY › 3 year warranty, UK design and manufacture

PRACTICAL › Display lock - disables front panel controls

CONVENIENT › Drain tap, tray and lid included. Suitable for use with heat transfer beads

VALUE › Advanced dry start and run dry protection - prevents costly service repairs

The JBN26 is an ideal bath for ceramic applications. We do offer a full range of Grant baths for a wide number of applications - for other sizes please ask

Accessories

Lid Options (Directs condensation away from immersed vessels, avoids contamination, reduces evaporation and saves energy)

Polycarbonate transparent lids AQL26

Stainless steel sloping lids LU28

Polypropylene spheres 2 x PS20 (Useful alternative to a lid, minimises evaporation and heat loss whilst allowing easy access to vessels in the bath; particularly useful for tall vessels)

Product Code

26litre Water Bath JBN26

Lid Polycarbonate AQL26

Lid Stainless Steel LU28

Polystyrene insulation Balls PS20 (2pks)
